PRAYER

The following prayer was offered by the Rev. Ken Babington, Pastor, First Baptist Church, Cocoa Beach

Father, thank you for giving us life and for allowing us to be living in this generation.

Father, we acknowledge that you are the great creator You established the earth on its foundation You covered the water as a garment. You cause the springs to rise up and the grass to grow You made the sun and the moon The earth is yours and the fullness thereof. How majestic is your name Father, we acknowledge your authority and control over life itself, and I come to you on behalf of this session today.

As these elected officials conduct the business of the State, Father, I ask that you give them wisdom in all their deliberations. I ask that you grant them discernment as needed, and a purpose of unity as they labor for the good of the citizens and visitors to the State of Florida Remind them, Father, of their role as representatives on our behalf, and may they be found as faithful stewards in their ministry here. Father, I ask that you protect their families, businesses, staff and colleagues For any committee meetings, I ask that supernatural wisdom be given in difficult areas Put a hedge of protection around the entire state Capitol today

Father, you tell us that righteousness exalts a nation. You remind us that it is required of stewards that they be found faithful You exhort us to pray for those in high positions so that we will lead a quiet and tranquil life. Father, your word tells us to be submissive to those in authority over us as they are ministers from you

Father, I ask that you protect and give wisdom to these your servants today In Jesus' name we pray Amen.

I of the State Constitution certain information that is in the possession of the Orlando-Orange County Expressway Authority and that relates to individuals who use EPASS, an automated electronic computerized system for collecting tolls via credit card or check; providing for future legislative repeal and review under s. 119.15, F.S., providing a finding of public necessity that such an exemption protects the health, safety, public welfare, and privacy of individuals who use the EPASS system and promotes a more efficient and effective government; amending s. 338.155, F.S., exempting from s. 119.07, F.S., and s. 24(a), Art. The Committee on Governmental Reform and Oversight recommended the following amendment which was moved by Senator Dyer and adopted:

Amendment 1 (with title amendment)—On page 2, line 3, through page 4, line 16, delete all of those lines and insert:

Section 1. Subsection (6) is added to section 338.155, Florida Statutes, to read:

338.155 Payment of toll on toll facilities required, exemptions —

(6) *Personal identifying information provided to, acquired by, or in the possession of the Department of Transportation, a county, or an expressway authority for the purpose of using a credit card, charge card, or check for the prepayment of electronic toll facilities charges to the department, a county, or an expressway authority is exempt from s. 119.07 and s. 24(a), Article I of the State Constitution. The exemption is subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15. The exemption in this section shall stand repealed effective October 2, 2001, unless otherwise reviewed and reenacted by the Legislature.*

Section 2. The Legislature finds that it is a public necessity to exempt personal identifying information about individuals which is provided to, acquired by, or in possession of the Department of Transportation, a county, or an expressway authority for the purpose of prepaying for toll facilities charges by charge card, credit card, or check. The exemption puts individuals who pay tolls with a check, charge card, or credit card on an equal footing with individuals who pay cash at the toll booth. The exemption protects the health and safety of the public by keeping confidential information as to the whereabouts of individuals as they use the toll collections system. The exemption promotes the use of the electronic toll collection system, which is a more efficient and effective government collection system for tolls, because prepaying for tolls by check, charge card, or credit card not only saves individuals time in passing through the toll facilities, in comparison with individuals who pay cash, but also costs much less to administer. Further, the exemption protects the privacy of individuals and promotes the right to be let alone from unreasonable government intrusion by prohibiting the public disclosure of private information about the finances and location of the individuals using the toll collection system.

(Renumber subsequent section.)

And the title is amended as follows:

On page 1, lines 3-29, strike all of those lines and insert: amending s. 338.155, F.S., exempting from s. 119.07, F.S., and s. 24(a), Art. I of the

State Constitution certain information that is in the possession of the Department of Transportation, a county, or an expressway authority that relates to payment of tolls by credit card, charge card, or check, providing for future legislative repeal and review under s. 119.15, F.S., providing a finding of public necessity that such an exemption protects the health, safety, public welfare, and privacy of individuals who use the toll system and promotes a more efficient and effective government, providing an effective date.

Any action pursuant to this subsection must be brought in the county where the principal office of the university health services support organization is located, as reflected in the records of the Secretary of State. In any order for the public release of a record pursuant to this subsection, the court shall make a finding that a compelling public interest is served by the release of the record or portions thereof which exceeds the public necessity for maintaining the confidentiality of such record as described in section 2 of this act and that the release of the record will not cause damage to or adversely affect the interests of private persons, business entities, the university health services support organization, or the affiliated university.

(7) Those portions of any public record, such as a tape recording, minutes, or notes, generated during that portion of a governing board meeting at which negotiations for contracts for managed-care arrangements occur, are reported on, or are acted on by the governing board, which record is made confidential and exempt by subsection (4), shall become public records 2 years after the termination or completion of the term of the contract to which such negotiations relate or, if no contract was executed, 2 years after the termination of the negotiations. All contracts for managed-care arrangements which are made confidential and exempt by paragraph (2)(a), except those portions of any contract containing trade secrets which are made confidential and exempt by paragraph (2)(c), shall become public 2 years after the termination or completion of the term of the contract.

(8) A university health services support organization may petition a court of competent jurisdiction to continue the confidentiality of any public record made nonconfidential by this section, upon a showing of good cause. In determining good cause, the court shall balance the property, privacy, and economic interests of any affected person or business entity with those of the university health services support organization and with the public interest and must make a finding that a substantial public interest is served by the continued confidentiality of the public record for an additional time period. The length of time for this continued exemption may be no longer than is necessary to protect that substantial public interest.
